We have had to hold back quite a few varieties for propagation.

Due to wet weather for lifting as for planting bulblets are on the short order so it will be well to get reservations in as early as possible. We will be as generous in filling orders as supplies allow.

We have had to hold beek quite a few variation for propagation.

Due to wet weather for lifting as for planting buiblate are on the short order so it will be well to get reservations in as easily as possible. We will be as generous in filling orders as supplies allow.
